

## **COMMUNITY CONTRIBUTIONS PROGRAM**

### **Overview and Guidelines**

The City of Moab recognizes the value of local non-governmental organizations which provide specialized social services and cultural programs that benefit the citizens of Moab. As part of its budgeting process, the City Council may provide funds to support the Community Contributions Program. Every request will be considered but not all requests may receive funding.

Organizations serving the residents of Moab are eligible to apply. Applications for funding will be considered annually.

### **DESCRIPTION OF PROGRAM:**

#### **Community Contributions**

The **Community Contributions Program**, launched in 2018, provides funds to eligible community organizations for initiatives that benefit the residents of Moab. Typically, these initiatives will constitute services that the City of Moab does not provide on its own, and may include a broad range of social, cultural, recreational, or scientific endeavors.

*Community Contributions applications are due **no later than March 1**.*

### **ELIGIBILITY STANDARDS:**

To be eligible to apply for funds under the City's 2022 Community Contributions Program, a local business intending to donate to a local charity, or a community organization must satisfy the following standards: (1) serve the residents of Moab; (2) intend to donate to or operate as a 501(c)(3) organization or other tax-exempt entity; (3) directly provide\* the social, cultural, recreational, scientific program(s) for which funds are sought; and (4) not be a pervasively sectarian religious institution or requesting funds for specifically religious activities. General operating expenses are ineligible for consideration, although operating costs related to specific projects or programs are considered allowable expenses. For-profit companies may be eligible if all proceeds from funded projects are bestowed upon a qualifying local charity or City-authorized program.

\*"Directly provide" means that the community organization conducts the social service(s) or cultural program(s) itself rather than through a separate entity to which

itsub-awards monies. A community organization that is affiliated with a church, synagogue, mosque or similar entity shall not be deemed a "pervasively sectarian religious institution."

### **III. Evaluation of Applications and Selection Process**

Following the application deadline, the Community Contributions Ad-Hoc Committee will review and consider proposals from community organizations. Applicants may be asked to attend a public meeting to address the Committee, answer questions, clarify their use of funds, etc. All proposals will be evaluated to

- A. The organization's responsiveness in clearly stating the benefits to be derived by the residents of Moab, if funds are awarded;
- B. The number of Moab residents by age group served by the organization; and total number of clients served by the organization;
- C. The organization's history of providing community services to the residents of Moab; and
- D. The organization's financial need for public funds to service Moab residents.

#### **IV. Award of Funds**

Following the Community Contributions Committee's screening process, the Committee will report its findings and recommend a slate of awards to the Mayor and City Council for Council approval.

#### **V. Execution of Agreement**

Organizations selected to receive funds will be required to sign and execute an agreement with the City of Moab. **NOTE:** If award of funds is made, a recipient organization will be required to expend the awarded funds within one year of award.
